

## HOPEWELL/GREENWICH CONVENIENCE CENTER

### INFO & RULES

**539 Trench Road, Bridgeton**

**Hours: Wednesdays & Saturdays from 7:00 a.m. to 5:00 p.m.**

- Hopewell and Greenwich residents ONLY.
- Residential household trash/recyclables only. No commercial vehicles. No Commercial waste
- Passes are required. They are free from the Township Offices. Proof of Residency and vehicle registration need to be presented at time of issue.
- Use closed bags to transport trash. Cover all truck beds to prevent trash from flying out into streets, yards and fields.
- Only one load of trash is allowed per day.
- Single Stream Recycling. All material is placed in one container. Cardboard must be flattened. Please do this before you bring it to the center. Use a container for your recyclables. Containers are available for free at Township Offices. Remove all caps and lids. Rinse all containers of food residue. See back page for additional information.
- All loads must go over the ramp for inspection (except for brush/leaves/grass).
- All trash that can be compacted must be compacted. This saves on hauling fees. Hauling fees are per load regardless of weight. Please compact your trash.
- Shredded Paper is trash. DO NOT put this in the recycle container because it jams the sorting machine.
- Rigid plastic (buckets, resin chairs, old toys) are trash. Do not recycle.
- Leaves, grass clippings, flowers, old garden plants and non-wood items are placed in the compost mound at the rear of the facility. Brush and leaves fall under recycling. Mulch and compost can be picked up by township residents for home use when available.
- Brush shall be no more than three (3) inches in diameter and no more than six (6) feet in length. This is for operational safety when the chipper is running. You may be refused the right to dump if the load has brush longer than six (6) feet. Only one load of brush is allowed per day.

## **ADDITIONAL ACCEPTED ITEMS:**

- Latex paint is accepted if dry/solidified and the lid is removed from the container for visual inspection. Use cat litter or a commercial drying agent to speed up the drying process
- Furniture, cabinets, etc. must be broken up before taking it to the center. Flat packing the dumpsters saves money on hauling.
- Appliances. Place near the RED dumpster. Do not remove refrigerant.
- Metal: Place in designated dumpster. No metal can be removed from the facility (Ordinance 3.03).
- Electronics: Place near the shed to the right of the entry ramp or as directed. If possible, take TVs (32" or less) to Best Buy or computers/DVD/VCR/cell phones to Staples for free disposal.
- Oil / Antifreeze: Place in the containers to the right of the exit ramp.
- Concrete/Masonry: Small quantities of masonry material may be placed in the dumpster at the rear of the facility.

## **ADDITIONAL REJECTED ITEMS:**

- No construction debris. Obtain a dumpster if you are performing renovations or large projects.
- No tires, batteries or shingles will be accepted in any quantity.
- No chemicals, oil-based paints or solvents. These are disposed of at the CCIA household waste days. See the announcements posted on the ramp for upcoming dates.
- No logs, trees or root balls.
